Additional Police Force for the Nanjangud Town

Secretary's Note.

The existing staff of Policemen sanctioned for the Nanjangud Taluk consists of 1 Inspector, 1 Jemadar, 4 Duffedars and 35 Constables, of whom 1 Duffedar and 13 Constables have been detailed for the Nanjangud Town. The men are distributed as follows:-

2 as orderlies
2 for clerical work
5 for beats
3 for guarding lock-up and
1 for the Nanjundeswara's Temple.

The Assistant Superintendent of Police, Mysore District, represents that Nanjangud being a thriving town, the force now allocated is insufficient and that there are no constables available for duties of the following kinds:-

1. to act for persons sent to Training School for instruction.
2. for the guard duty of the riverside
3. for the town Gusth
4. for the express and tanna tappals
5. for special duties during the numerous festivities which take place
6. for escorting prisoners
7. to provide an orderly for the Munsiff-Magistrate

He therefore requests that the present force be strengthened by 1 Duffedar and 8 Constables. A statement shewing in detail the nature of the work performed by the present force and that intended to be performed by the additional force applied for is also enclosed.

Memo

(1/6)

An allocation of Establishment =

1 Inspector

1 Jemedar

4 Duffedars

35 Constables, has been sanctioned for the Nanjangood Taluk.

This allocation has been distributed as follows: —

	Duffedars	Constables
For the Kasba Station	1	13
For the Biligere Sub Station	1	4
For the Harve Sub Station	1	3
For the Kowlandi Sub Station	1	6
For the Siddhwalli out-post	"	3
For the Akkilandi out-post	"	3
For the Medigal out-post	"	3
Total	4	35

Since the mining operations developed at Ambaly, since 1901, two Constables have been lent (c.e.) posted for duty there. One of these has been given from the Kedyal out-post and one from the adjoining Gundalpet Taluk.

However insufficient the allocations of the Sub-Stations and the out-posts, may be, work can be carried on there with some facility; but the town allocation of 1 Daffedar and 13 men is extremely insufficient. The Kasaba allocation of 1 Daffedar and 13 men is distributed as follows—

2 orderlies (1 to Huildar & 1 to Inspector)
2 for clerical work
5 for beats (4 High road beats, 1 Village beat)
3 for lock-up guard
1 at the Nanjundeshwara's temple

13

There will be no men available for duties of the following kinds.

(1). To

(1). To be sent to School for instructions.

(2). For the guard duty of the river side.

(3). For the town Gusth.

(4). For the express and the Samah taffals.

(5). For special duties during the festivities at the town which are very numerous during the days of the year.

(6). Escort of prisoners &c.

(7). Orderly to Mensiff Magistrate.

The town of Nanjangud though small in area is ever active and alive. The chief object in the town that attract people by thousands right-round the year from all parts is the famous temple of Nanjundeswaraswami. It has a population of over 7000. There is the wealthy mutt of Raghavendra Swamy and two rich banks with heavy monetary transactions.

Under such circumstances the town would be quite unsafe if there is no special staff for its watch & ward. Therefore a staff of one Daffedar and 8 Constables at least is of the

most urgent necessity for the town of Nanjangud.

Sir,

Adverting to your docket No:
J. 1375 dated 5th March 1903 communicating for explanation the remarks of Government on the distribution of work amongst the 13 Constables located in the Nanjangud Town and requesting the submission of a Statement showing how the additional force is intended to be employed individually I have the honor to forward herewith a Statement furnishing the detailed particulars required in the above

together

together with copies of the marginally noted dockets on the subject.

Docket No: 466 dated 2nd April 1903 from the Assistant Superintendent of Police, Mysore.

— & —

No: 2439 dated 12th may 1903 from the Deputy Commissioner Mysore.

I have the honor to be,
Sir,
Your most obedient Servant,

Inspector General of Police.

Encls.

Statement shewing in detail the Work performed by the 13. Constables of the Nanjanad Taluk as well as the Work intended to be performed by the additional force now applied for.

No of Constables	Nature of duty performed	Remarks of Government	Police Superintendent's reply to each item of remarks.	Remarks by the Deputy Commissioner.
2 — — —	Orderlies 1 to Amildar and 1 to Inspector.	Why should not the Taluq Inspector take a man from the Taluk portion and give his orderly to the Munsiff Magistrate?	It is not possible to withdraw a Constable from the Taluk Police for orderly duty under the Inspector and to give his orderly to the Munsiff Magistrate as the number of men allotted to each sub Station is barely sufficient to meet the requirements.	
2	For clerical Work.	Too much. Why should not one man do the Work?	One Constable is not sufficient to do the Work of the Kasaba and out of the two men, one is utilized for the Inspectors office work and the other for the Kasba Station where the work is heavy being the Head Quarters of the Taluk	
5	For beats	What is the meaning there of Town Gusth for which it is reported that no men are available?	These beats are not of the Town, but they are all high road and village beats. By Town Gusth is meant the patrolling by beat men in the Town solely, and as no men are available out of the present staff to do this work a requisition has been made, the want having been very keenly felt for a long time.	
3.	For guarding lockup.	Cannot re-adjustment be made	As to the guarding of the lockup, the re-adjustment as observed by Government Cannot be made as it is not practicable	

The reasons given by the Assistant Superintendent for not withdrawing a Constable from the Taluk Police and to give his orderly to the Munsiff Magistrate when he has in charge the same are one of the duties of the Assistant

from Taluk Men.

to draw men from the Sub Stations (when required, such as the drawing of the men from the Sub Stations of the Taluk and keeping them solely for the purpose would inconvenience the proper discharge of the duties there.

For guarding Nanjundeswara's temple.

This is not a legitimate Work of the Police.

The remarks of the Government that this is not the legitimate work of the Police hold good, but it has to be considered that the temple has valuables to a great extent and though there is the Sepoy guard, the outside of the temple are not patrolled by the Sepoys. They only keep guard at the front entrance of the temple and as such the posting of a Constable to patrol the 4 outersides of the temple during the night is found very desirable.

For the Constables

For the Town Guards.

No distribution of work has been suggested.

The town of Nanjangud will be divided into 4 beats to be patrolled alternately by 8 constables and the additional Daffedar proposed will supervise the patrol work of the Constables in their respective beats. These men besides the above duty will keep watch during the Jatra and festival days which are of common occurrence in Nanjangud when the concourse of men would be very great.

The Deputy Commissioner fully endorses for an additional Police Force for this town of Nanjangud in addition to the recommended by

Deputy Police Superintendent of the Mysore District

Inspector General of Police.

His O.M. No: 5311/432 dated 18th March 1903 forwarding copy of docket No: J 1375 dated 5th March 1903, from the Secretary to Government, General and Revenue Departments, calling for the explanation of the details in connection with the entertainment of certain additional Police proposed for the Nanjangud Town and asking to submit a complete report in the matter.

With reference to the remarks of Government as to why the Taluk Inspector should not take one orderly from the Taluk portion and give an orderly to the Munsiff Magistrate

Magestrate, has the honor to state that the orderly given to the Inspector, cannot be drafted from any of the Sub Stations of the Taluk as the number of men allotted to each sub station is barely sufficient to meet the requirements.

Next as to the remark about the clerical work that 2 constables are considered too much it is to be stated that one constable cannot cope with the work of the Kasba, and that out of the two, one will be for the Inspectors office work and the other for the Kasaba station where work is very heavy being the Head Quarters of the Taluk.

3rd Cy. As to the beats 5 constables have been shown. These beats are not of the Town, but they are all high road and Village beats. By Town guard is meant, the patrolling by beat men in the town solely, and as no men are available out of the present staff to do this work, a requisition has been made, the want having been very keenly felt for a long time.

4th Cy. As to the guarding of lock-ups, the re-adjustment as observed by Government cannot be made, as it is not practicable, to draw men from the Sub Stations, whenever required and the drawing of the men, from the Sub Stations of the Taluk and keeping them solely for the purpose, would inconvenience the proper discharge of the duties there.

5th Cy. As to the guarding of Nanjangud temple, the remarks of Government that this is not a legitimate work of the police, hold good, but the undersigned begs to state that the temple has valuables to a great extent and though there is the Sepoy guard, the outskirts of the temple are not patrolled by the Sepoys; they only keep guard at the front entrance of the temple and as such the posting of a constable to patrol the 4 sides outside, during the nights is found very desirable.

With reference to the 2nd para of the Secretary's letter has the honor to state that the town of Nanjangud, will be divided into 4 beats, the patrol of alternately by 8 constables, the sanction which is now prayed for, and the additional Duffedar proposed, will supervise the patrol work of these constables in their respective beats.

These men besides their above duty, will keep watch during the jatra and festival days, which are of common occurrence here, when the concourse of men from different places is immense.
